Discussion:

Please write a small paragraph discussing teamwork (who did what, how much, was the work allocation fair, did each member respect commitments and deadlines...).

Jawad Al-Aqlani did the profile page, Li-Liu, David did the main page, Shewraj, Harsh did the css and js for the login and register pages and almost all other css, Pui Hei Lau did the html part of login and create account page, and all the booking page (some css done by Harsh) and other additional page like booking status page and all page for resource manager, the work was allocated fair but some member didn't respect the deadlines.
